### **A.C.E.'s Shimek attends safety conference**

Bill Shimek, one of the owners of A.C.E. Building Service of Manitowoc attended a state program entitled "The 2010 ABC of Wisconsin Workers Safety Conference."

Sponsored by Associated Builders and Contractors – Wisconsin Chapter, the program was held in Oconomowoc and focused on issues important to commercial and industrial contractors to ensure a safe working environment. Discussion centered on key safety areas at a construction jobsite: scaffolding, steel erection, cranes, concrete and masonry, excavation, confined spaces; as well as back safety for employees, identifying safety hazards and personal protective equipment.

Founded in 1950, A.C.E. Building Service is located in Manitowoc and provides commercial and industrial construction services – including new buildings, expansions, renovations, metal re-roof, facilities maintenance, design/build, and build/lease – throughout Northeast Wisconsin.
