A.C.E. Building Service employee attends Associated Builders & Contractors of WI convention

Bill Shimek of A.C.E. Building Service in Manitowoc attended the 2010 Associated Builders & Contractors (ABC) of Wisconsin Winter Convention in February.

Held in Oconomowoc, the two-day program featured updates in building trends and business management. Break-out sessions, table discussions and all-day programs focused on key topics such as renewable energy, the political outlook and its impact on the construction industry, the estimating process, and the current economy.

Founded in 1950, A.C.E. Building Service is located in Manitowoc and provides commercial and industrial construction services – including new buildings, expansions, renovations, metal re-roof, facilities maintenance, design/build, and build/lease – to Manitowoc and Sheboygan Counties.

ABC of Wisconsin is a national trade association for the construction industry that actively promotes the merit shop form of construction.
