### **Riesterer Machine of St. Nazianz expands production area**

A.C.E. Building Service of Manitowoc broke ground at Riesterer Machine in St. Nazianz for a new 3,750-square-foot Butler® Building expansion at the global manufacturer.

Riesterer Machine has seen steady growth at its current site that resulted in a need for the expansion. The new space will house production and an assembly area for Riesterer's custom-made machinery, which they provide to industrial clients throughout the world.

Construction by A.C.E. Building Service is scheduled for a May 2010 completion.

Founded in 1950, A.C.E. Building Service is located in Manitowoc and provides commercial and industrial construction services – including new buildings, expansions, renovations, metal re-roof, facilities maintenance, design/build, and build/lease – throughout Northeast Wisconsin.

Founded in 1990, Riesterer Machine is a global company experienced in developing complete integrated process systems for a wide range of production and material handling applications for the automotive, packaging, food and dairy industries.
