## NEWS RELEASE

**Date:** November 10, 2011  
**Contact:** Stan Johnson, (920) 682-6105

### **A.C.E. completes new building project for M-B Companies in Chilton**

A.C.E. Building Services in Manitowoc has completed a new building project for M-B Companies Inc. in Chilton, which houses the manufacturers' Airport Snow Removal Division.

As design/build contractor, A.C.E. constructed an 11,250-square-foot Butler metal building that will accommodate parts for production and provide space for finished product to be detailed and shipped to the customer. The stand-alone facility features three large overhead doors (28' wide x 14' high) that will allow M-B Companies to accommodate a variety of sweepers and other snow removal equipment that they manufacture.

M-B's Chilton division is dedicated to the manufacturing of a variety of airport snow removal products, brooms, plows and snow blowers for many international and regional airports. You can also find M-B snow removal products on military bases throughout the world. M-B offers a variety of airport snow removal equipment configurations; including brooms, plows, snow blowers and more.

M-B Companies also has a facility in New Holstein, Wisconsin, that houses their Attachment Division, Brush Division, MSV Division and corporate offices; as well as Pavement Marking divisions in Montgomery, Pennsylvania; and Salem, Oregon. For more information on M-B Companies visit [www.m-bco.com](http://www.m-bco.com).

*Founded in 1950, A.C.E. Building Service is located in Manitowoc and provides commercial and industrial construction services – including new buildings, expansions, renovations, metal re-roof, facilities maintenance, design/build, and build/lease – to Manitowoc and Sheboygan Counties.
