Natural Ovens chooses A.C.E. for two building project

Natural Ovens Bakery in Manitowoc has selected A.C.E. Building Service in Manitowoc for two building projects. For the first project, A.C.E. will be adding on to Natural Ovens' existing spiral cooler building – a facility that A.C.E. had constructed 10 years ago – allowing the bakery to double its cooling capacity. The second project involves the construction of a fire-rated building that will house Natural Ovens' new boiler. Both projects will be completed by August.

Natural Ovens Bakery, located at 4300 County Rd. CR in Manitowoc, bakes quality bread, bagels, buns, muffins, cookies, granola bars and cereals.

Founded in 1950, A.C.E. Building Service is located in Manitowoc and provides commercial and industrial construction services – including new buildings, expansions, renovations, metal re-roof, facilities maintenance, design/build, and build/lease – to Manitowoc and Sheboygan Counties.
