A.C.E. BUILDING SERVICE
OUR REPUTATION IS OUR FOUNDATION

CARPENTRY FOREMAN

Lead the crew. Work alongside them. Build projects you can be proud of.

A.C.E. Building Service is looking for an experienced, hands-on Carpentry Foreman to lead carpentry work on commercial and industrial construction projects.

This is a working leadership position for someone who knows carpentry, takes pride in quality craftsmanship, and leads by example. You'll oversee the crew while remaining actively involved in day-to-day jobsite work, helping ensure projects are completed safely, efficiently, and to A.C.E.'s quality standards.

Key Responsibilities

- Lead and work alongside field personnel to keep projects moving efficiently
- Oversee project completion and field personnel productivity
- Help ensure your crew works safely and efficiently
- Coordinate subcontractors to meet quality and schedule expectations
- Communicate project progress to the Construction Superintendent
- Operate aerial lifts, forklifts, skid steers, and other applicable construction equipment
- Lead and mentor by example while maintaining a high standard of workmanship

Preferred Experience & Qualifications

- Skilled journeyman carpenter experience or other applicable experience
- Strong leadership skills and the ability to lead and mentor by example
- Experience reading blueprints and construction designs
- Pre-engineered metal building experience
- Wood construction or high-end residential construction experience
- A detail-oriented and efficient approach to work
- The physical strength, hand-eye coordination, and endurance needed for the position, including the ability to stand for extended periods
- A valid Wisconsin driver's license
