A.C.E. BUILDING SERVICE
OUR REPUTATION IS OUR FOUNDATION

CONSTRUCTION FOREMAN

Lead the crew. Work alongside them. Build projects you can be proud of.

A.C.E. Building Service is looking for an experienced, hands-on Construction Foreman to help lead the successful execution of construction projects while keeping safety, quality, productivity, and schedule at the forefront.

This is a working leadership position for someone who knows construction, takes pride in quality craftsmanship, and leads by example. You'll oversee field personnel and subcontractors while staying actively involved in day-to-day jobsite operations and helping keep projects moving safely, efficiently, and on schedule.

Key Responsibilities

- Lead and oversee field personnel while maintaining jobsite productivity
- Coordinate field personnel and subcontractors to meet quality and schedule expectations
- Oversee accurate and timely completion of construction projects
- Communicate project progress to the Construction Superintendent
- Identify and help resolve issues during the construction process
- Help ensure safety requirements are followed on the jobsite
- Operate aerial lifts, forklifts, skid steers, and other applicable construction equipment
- Lead and mentor by example while helping keep the project safe, efficient, and on track

Preferred Experience & Qualifications

- Strong leadership skills and the ability to lead and mentor by example
- An understanding of construction processes and methods
- Experience reading blueprints and construction designs
- Good organization, prioritization, and problem-solving skills
- Skilled journeyman carpenter or mason experience, or completion of an apprenticeship
- Structural steel and/or pre-engineered steel building experience
- Five or more years of field experience in commercial or industrial construction
- A detail-oriented and efficient approach to work
- The physical strength, hand-eye coordination, and endurance needed for the position, including the ability to stand for extended periods
- A valid Wisconsin driver's license

Ready to Build With Us?
If you know steel construction, know how to lead people, and aren't afraid to work right alongside your crew, we'd like to hear from you.

Bring your experience and leadership to A.C.E. Building Service and help us continue building quality projects with a team that takes pride in getting the job done right.
