

PROJECT DEVELOPMENT DIRECTOR

Become part of the A.C.E. Building Service team and join the next generation of construction leaders!

The Project Development Director plays a direct role in projects from inception to completion, transforming client ideas into actionable plans, nurturing and expanding client connections and actively contributing to the company's marketing initiatives.

Key Responsibilities

- Prepare information and present it to customers, including proposals, materials samples, literature, drawings, etc.
- Develop and maintain client relationships
- Assist with ongoing marketing efforts and initiatives

Preferred Education & Experience

- Associate or Bachelor's degree in architecture, drafting, business, engineering, or construction-related programming
- Demonstrated business development experience
- Demonstrated experience in a construction-related industry
- Experience in construction drawing/drafting software

A.C.E. Building Service is an Equal Opportunity Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, sexual orientation, gender identity or expression.
