

STEEL TRADESPERSON

Become part of the A.C.E. Building Service team and join the next generation of construction leaders!

A.C.E. Building Service is looking for an experienced Steel Tradesperson to join their team. This position performs a variety of tasks on commercial and industrial construction sites, specializing in steel and pre-engineered metal buildings.

Key Responsibilities

- Structural steel erection, including framing, roofing, siding and trim work
- Operation of forklifts, ariel lifts, and other construction equipment
- Read and interpret blueprints, construction plans and details

Preferred Experience & Qualifications

- 3+ year experience with structural steelwork and steel erection
- Physical stamina: ability to work in demanding environments, performing strenuous activities for extended periods of time
- Welding experience and/or certification
- Steel fabrication experience

A.C.E. Building Service is an Equal Opportunity Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, sexual orientation, gender identity or expression.
